On Monday evening, we all decided to meet at the city centre. It was the last day of the year and a large crowd of people had gathered near the Town Hall clock. It would strike twelve in ten minutes time. Five minutes passed and then, at two minutes to twelve, the clock stopped. The big minute hand was stuck. We waited and waited, but nothing happened. Suddenly someone shouted, 'It's two minutes past twelve! The clock has stopped!' I looked at my watch. It was true. The big clock refused to welcome the New Year. At that moment, everybody began to laugh and sing.

Are these sentences true or false?

1. It was New Year's Eve.
